METHUEN IS TAKEN

Prominent British General
Now In the Hands of
the Boers.

A SEVERE DISASTER

Delary Captures Gen. Lord Methuen
and His Column After Hot Engage-
ment In Which Many Are Killed.

Three British Officers and 33 Men
Are Killed, and 5 Officers and 72
Men Wounded.

London, March 11.—It was announced yesterday that General Lord Methuen and four guns had been captured by the Boers commanded by General Delary. The news came like a thunderbolt to London. The extra editions of the evening papers giving an account of the disaster were eagerly

bought up and their readers hurried through the streets with anxious faces, and bitter remarks were passed on the subject of the government's declaration that the war in South Africa was over. The news came too late to affect business on the stock exchange. The news was received in the house of commons amid great excitement. The reading of Lord Kitchener's telegram by the war secretary, Mr. Brodrick, was listened to in deep silence, which was broken by loud Irish cheers. Instantly there were cries of "Shame! shame!" from the government benches. Then the Irish members seemed to think better of their outburst and suddenly subsided. The subsequent eulogistic references to General Methuen were received with cheers.

In brief, Lord Kitchener announced that when General Methuen was captured, wounded, with four guns, three British officers and 33 men were killed and five officers and 72 men were wounded. In addition one officer and 200 men were reported missing.

Lord Kitchener's dispatches state that General Methuen was moving, with 900 men under Major Paris and 300 infantry, four guns and a pom-pom from Wynburg to Lichtenburg, and was to meet Greenfield with 1,300 mounted men at Riviersfontein. He was attacked by Delary's forces between Tweebosch and Palmietkilt. The Boers charged on three sides. Before reinforcements could reach them the rear guard broke. In the meantime a large number of Boers galloped up on both flanks. There at first were checked by the flank parties, but the stampede had begun and the mule-wagons, with a terrible mixture of mounted men, rushed past the ox-wagons. All efforts to check them were unavailing. Major Paris collected 40 men and occupied a position a mile in front of the ox-wagons, which were then halted. After a gallant but useless defense the enemy rushed into the ox-wagons and Methuen was wounded in the thigh. Paris, being surrounded, surrendered, but was later released. Methuen is still in the Boer camp.

Lord Roberts, the commander-in-chief, who announced the British disaster in the House of Lords, said Gen. Methuen for over two years had carried on his work with zeal, intelligence and great perseverance, adding that the general was beloved of his men and that no work was too dangerous or difficult for them or General Methuen.

The premier, Lord Salisbury, also expressed deep sympathy with General Methuen under the present unfortunate circumstances. He said it was not the time to discuss his action. He had always acted with the greatest gallantry, and the premier, therefore, thought they should defer criticism or examination of the very sad intelligence until the details arrived. His lordship was convinced that General Methuen had done his best in connection with this most melancholy affair. The feeling of depression in the lobbies of the house of commons over the news of the disaster in South Africa was very marked. The service members of the house expressed the opinion that it will necessitate sending fresh troops to the front, while the Boer will not fail to take advantage of General Methuen's prominence to hold him as a hostage for the safety of Commandant Krutzinger and other Boer leaders now in the hands of the British.

A FAREWELL DINNER

Prince Henry Pays Off a Score Before His Departure.

New York, March 11.—Prince Henry and his party arrived from Philadelphia at 5:25 last evening and were taken on the navy tug John Bowers to Hoboken, whence they were escorted to the steamship Deutschland,

DR. DAVID J. HILL.

on which the prince will sail for Europe today. On the steamship the prince gave a dinner to those who had been his hosts while in New York. There were no speeches, the prince simply toasting the Kaiser and President Roosevelt, and Dr. David J. Hill, assistant secretary of state, toasted the prince. Forty-six guests were present.

CLASSIFIED SERVICE

Rural Free Delivery Bill Subjected to Important Changes.

Washington, March 11.—The bill to classify the rural free delivery service and place the carriers under the contract system, which has been debated in the house for over a week, was passed yesterday, but in a form that completely changed the purpose for which it was framed. Before it was passed the bill was altered radically by its opponents. All the provisions relating to the placing of carriers under the contract system were stricken out and the salary system not only was continued but the maximum salary of carriers was increased from \$500 to \$600 per annum. As passed the bill classifies the rural free delivery service and fixes the compensation of employees as follows: Special agents in charge of divisions, not exceeding \$2,400 per annum; special agents, four classes, graded from \$1,300 to \$1,800; route inspectors, four classes, from \$900 to \$1,200; clerks, four classes, from \$900 to \$1,200. The compensation of carriers is not to exceed \$600.

For nearly two hours yesterday Mr. Vest of Missouri addressed the senate in opposition to the pending ship subsidy bill. Mr. Tillman of South Carolina followed with a brief speech in opposition to the bill. The senate passed a considerable number of unopposed bills on the calendar.

Prompted by Jealousy.

Chicago, March 11.—Last night in the suburb of Riverview, 20 miles from Chicago, Edward Desnitz, 22 years of age, shot and killed Lillie Dittmann, his fiancée, 19 years old. After killing the girl Desnitz sent a bullet into his own head. He was removed to the jail in a dying condition. A mob gathered to lynch him and was battering in the jail doors when the assurance of a physician that Desnitz could live but a few hours caused them to retire. The cause of the tragedy was the jealousy of Desnitz, who said the girl cared more for others than for him.

Five Children Burned.

Binghamton, N. Y., March 11.—"Dig one large grave; children all dead." So reads a telegram received yesterday by his sister in this city from Thomas Scanlon, whose five children were burned to death at Shinnepo, Delaware county. The bodies will be brought here in one large coffin for burial. It is presumed the home was burned at night while Scanlon was away and that all the occupants except Mrs. Scanlon perished.

Requisition Granted.

Guthrie, Oklahoma, March 11.—Gov. Ferguson has honored a requisition for the return to Elmore county, Alabama, of Morgan Melton, charged with murder in the first degree.

CABINET CHANGE

Secretary Long Gives Up the
Navy Portfolio and Will
Retire.

WM. H. MOODY GETS IT

Representative From the Haverhill,
Mass., District In Congress to Be
Secretary of Navy.

The New Man Has Had Brilliant
Legislative Career and Gives
Ample Promise.

Washington, March 11.—Secretary Long has handed his resignation as secretary of the navy to the president. It is to take effect May 1. The portfolio was tendered to Congressman W. H. Moody of Massachusetts, and he accepted it. The change has been ex-

WILLIAM HENRY MOODY.

pected for a long time. Mr. Long had intended to retire at the beginning of the late President McKinley's second term, but he consented to remain until certain lines of policy in which he was involved were more satisfactorily arranged.

Recently Mr. Long has been in Massachusetts making arrangement with his old legal connections to re-enter the practice of law, and he has had his house at Hingham put in order for his occupation. When Mr. Long entered the cabinet originally he was an active member of the firm of Hemmingsway & Long, a well known legal firm of Boston. He always has maintained a silent connection with the concern, and will again become an active partner.

The news that Representative Moody of Massachusetts had been offered and had accepted the navy portfolio reached the capitol yesterday afternoon, and Mr. Moody, who was on the floor of the house, was showered with hearty congratulations. For several minutes he held a regular levee in one of the side aisles of the Republican side. Democratic members noticed the demonstrations and crossed over to join in the ovation, his congratulations from that quarter being fully as hearty and sincere as those from his own side of the house. Mr. Moody began to rise to prominence during his first term in the house, when Speaker Reed selected him frequently to preside over the committee of the whole, and predicted for him a brilliant legislative career.

Mr. Moody is a Republican lawyer of Haverhill, Mass. He was born in Newbury, Mass., in 1853. He was graduated from Harvard in 1876. Shortly after this he went into law. Beginning in 1890, he was for five years district attorney for the eastern district of Massachusetts. He was elected to the 54th congress to fill a vacancy, and he has served without a break through the three sessions succeeding that.

EIGHT THOUSAND MEN

Involved in Freight Handler's Strike

At Boston.

Boston, March 11.—After nearly six weeks of skirmishing, the dreaded labor war between the organized teamsters, freight and express handlers of Boston, and the two great railroad corporations, the New York, New Haven and Hartford and the New York Central and Hudson river, the latter locally known as the Boston and Albany, broke out yesterday. The outlook is that unless powerful agencies are speedily invoked to compel peace, the struggle will have a far-reaching effect. The strike, which is a sympathetic one, already involves 8,000 men in and about Boston.

A Daring Hold Up.

Kansas City, March 11.—Dr. D. E. Clapper and Dr. B. J. Hockabout were the victims of a daring hold-up while they were driving in the western outskirts of Kansas City, Kan., yesterday. They were confronted by two men with drawn revolvers and forced to leave their buggy and, with the robbers, to enter the cellar of an unoccupied house. Here the robbers securely bound the hands and feet of their victims and robbed them of \$200 and a gold watch, after which they escaped, leaving the two doctors in the cellar. Fifteen minutes later the doctors were released by a passer-by who heard their shouts for help.

THREE ARRESTS

Followed a Soldier's Mysterious Death at Louisville.

Louisville, March 11.—A chemical analysis of the stomach and bladder of Edward L. Lambert, formerly a soldier in the Philippines, who died suddenly in a house on West Green street in this city two weeks ago, shows the presence of cocaine, and three women, Jennie May Ashcraft, Annie Harris and Lulu Parman, and Enoch Gore who were in the house at the time of Lambert's death, have been arrested, charged with murder. The detectives and the dead man's mother believe he was murdered for his money. At the time Lambert was found dead Coroner Kelly made an examination and concluded from the information he could gather that death was due to heart disease.

When the body was discovered \$102, a watch and a ring were found on it, but the young man's mother stated that when he left home the day before he died he had \$2,000 in gold. She insisted that he had been murdered and robbed and demanded an autopsy, which resulted in the finding of the poison. The detectives at once commenced an investigation which resulted in the arrests last evening.

TRIAL IS ON

Stewart Fife Accused of Murdering

Millionaire Richardson.

Savannah, Mo., March 11.—The trial of Stewart Fife, charged with the murder of Frank Richardson, a millionaire merchant, in this city a year ago last Christmas, opened here yesterday. Prosecuting Attorney Bohrer in making the opening statement said that the state would show that Fife had, in a St. Joseph saloon where he displayed a revolver, made the threat that he would kill Richardson, and that after the tragedy he had confessed to a woman in that city that he had committed the murder. It would also be shown, he asserted, that Fife was seen standing in the middle of the street on the night of the murder looking in the direction of the Richardson home. The jury is composed of ten farmers, a merchant and a teacher.

Both Sides Satisfied.

Berlin, March 11.—The dispute between Germany and Venezuela is nearing a settlement. The terms of this settlement are as yet a foreign office secret. They are, however, satisfactory to Germany, and Venezuela has apparently yielded without Germany's having made any direct threat or having had to do anything like sending an ultimatum.

The Cropsey Case.

Elizabeth City, N. C., March 11.—The case of James Wilcox, charged with the murder of Nell Cropsey, is to be tried here this week. The grand jury has been drawn and will begin examining this week. If they find a true bill Wilcox will be arraigned for trial Thursday.

An Arkansian Lynching?

Foreman, Ark., March 11.—A negro giving his name as Horace McCoy, accused of assaulting a white woman and a negro, was hanged by a mob. The negro assaulted a negro woman. She was badly cut about the head and shoulders in the struggle, but succeeded in getting away. Later the negro met Mrs. John Lemons, who he assaulted. A desperate fight followed, the negro cutting Mrs. Lemons dangerously about the head, neck and shoulders. He was captured and taken out by a mob and lynched.

Shocking Suicide.

How to Cure the Grip.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the, not one case has ever been reported that did not recover. For sale by C. W. Milhous druggist.

Cyclone not Coming.

There will not be a cyclone in Seymour next Thursday, merely a Breezy Time of pleasure at opera house Thursday night.

Holiness Revival.

Sunday night Armory Hall was packed to its utmost capacity by our town's people. Isles were packed and after 7 o'clock an entrance could not be gained. We were sorry not to be able to accommodate those who came and had to be turned away. Sinners were convicted and believers made to shout the praises of God as our brother preached on the second coming of Christ. Text—"Be ye also ready for in such an hour as ye think not the Son of Man cometh." This was preached with the power sent down from heaven and those present felt the importance of being ready, that they might meet Jesus in the clouds when He descends with a shout. Brother Ferguson made many warm friends in Seymour that will gladly welcome him again. The Seymour Holiness Association are more grateful to the dear ones who so kindly contributed toward the interest of these services than we can express. The promise of God to give more than we can ask or think was certainly verified to us during this ten days meeting. The estimate of souls converted and sanctified will reach seventy-five. To God be the glory. Some were aged men and women, some children between the ages of 13 and 15, but most of them young men and women. The Holy Ghost had right-of-way. The divine healing service Sunday was very impressive and throughout the day. There was a shout in the camp. Let every one turn out to the mission service as the motto is holiness unto the Lord.

La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe. Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by C. W. Milhous, druggist.

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous, druggist.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elmhurst, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

W. Milhous' drug store and in addition to our experience which warrants us in recommending them. I know of acquaintances who have used them with the best of results. We always keep them in the house for they proved a reliable remedy for the back, bladder or kidneys."

Funeral of Will Chambers.

The funeral of Will Chambers will occur at the First Baptist church tomorrow morning at 8 o'clock, conducted by Rev. E. R. Vest. The remains will be taken on No. 4 at 9:19 a. m. tomorrow to Deputy for burial. The remains are expected to arrive this evening at 3:35.

William C. Chambers was born near Lexington, Scott county, twenty-nine years ago and was the son of J. G. and Fannie Chambers. His mother died when he was four years of age and he was taken to the home of his aunt, Mrs. Thomas Cox, at Stanbury, Missouri, where he remained until he was nineteen years of age when he came to Seymour. After an apprenticeship in the shops he went on the road as a fireman and four years ago he was promoted to engineer. In July 1901 he went south and took an engine on the A. G. S. and expected to move his family there next month. He was a superior railroad man and was always held in high esteem by his employers and his associates, both on and off the road. He was an upright and straight-forward citizen, a member of the Baptist church, a Knight of Pythias, and a member of the order of Brotherhood of Railroad Engineers. In 1893 he and Miss Alice Marie Davis were married and to them were born two sons. Mrs. Chambers and her two little boys have the sincere sympathy of their many friends in their sad bereavement.

Notice to K. of P.

There will be a special meeting of Hermon Lodge, No. 44, K. of P. at 7:30 tonight to make arrangements to attend the funeral of Brother Will Chambers. All Knights are notified to be at Castle Hall tomorrow morning at 7:00.

Wedding Anniversary.

Saturday, March 8, was the fifty-third anniversary of the marriage of Judge A. H. and Nancy Hoover and the family planned a very successful surprise on them. At 6 p. m. the Judge came home with Mrs. Hoover, who had been beguiled into an all day visit at the home of their son Don, to find the house occupied by twenty invited guests. The dining room was decorated with smilax and American beauty roses, and the table was well loaded with all that would tempt the appetites of the guests.

The evening was spent in social conversation, enlivened with music, instrumental and vocal, by Mrs. Reynolds and daughter Lois. Miss Lelia Vest rendered some very enjoyable recitations. It was a very happy occasion for Judge and Mrs. Hoover and their friends present.

FIRE IN THE MATT BUILDING.

Interior of the Lehan Saloon Burned Out.

About 12:30 last night fire was discovered in the barroom of the Lehan saloon on East Second street. The alarm was sounded and soon the fire department was on hand to fight the flames. The whole interior of the barroom was burning furiously by this time. But in a short time the fire was under control, but the whole of the front room down stairs occupied by saloon proper was a mass of charred and blackened ruins. The fire was confined chiefly to the bar-room, the other part of the building not being damaged to any great extent. The saloon fixtures, stock of liquors in that room, slot machines, etc., are a total loss.

The damage to the building is probably \$500, covered by insurance. The loss on saloon fixtures and stock is estimated from \$600 to \$800, on which some insurance was carried. The saloon has been under the management of Jesse Buckles recently.

The origin of the fire is not known. When the saloon was closed last night it is said that the only fire left in the building was what little there was in the stove.

WILL MAKE AFFIDAVIT

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life.

"If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure

Cures all Stomach Troubles.

ODD FELLOWS OUTING.

Seymour Lodge well Represented at Columbus Monday Evening.

Seventy-seven tickets were sold to Columbus Monday evening at the J. M. & I. station. The occasion that took so many of Seymour people to Columbus was a special meeting of Columbus Lodge No. 58, I. O. O. F. to confer degree work. In this work the Seymour Odd Fellows took a prominent part, conferring two of the degrees. Their work won the plaudits of the Columbus brethren, who are an appreciative class of people. The Seymour Lodge is one of the best in the state and is noted for the excellence of its work in conferring the degrees.

After the degree work was concluded all sat down to a splendid banquet. Carl E. Wood and Alex. Davidson, of Seymour, were among those who responded to toasts. The Seymour crowd returned on a special train leaving Columbus at 1:30 a. m. They were delighted with the hospitality shown them at Columbus. There were about 365 Odd Fellows there, their being visitors present from Seymour, Franklin, Hope, Scipio, Elizabethtown and other places.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

RYE BREAD AND COFFEE.

This is the Staple Food of Workingmen in Germany.

The workman in Germany must have coffee, and plenty of it, and a little meat. Butter is practically unknown to him, lard being used in its stead. He rarely uses milk, eggs or white flour, and he never thinks of buying any of the better cuts of meat. Canned goods, familiar to every American worker, are absolutely unknown to him.

His staple food is rye bread, which he buys in enormous loaves. His wife or his little girl goes to market for this bread and brings it home clasped in her arms unwrapped. I have seen a little tot of a towheaded girl staggering homeward with a loaf almost as big as she was, and as she walked she gnawed lustily at the flinty end of the loaf. Indeed I have heard it said that the eating of this hard crusted bread gives the German workman teeth of unequalled excellence.

And this bread is good, thoroughly good. The government, which supervises everything and everybody, guards the rye bread of the people with jealous care. The bakers are watched, compelled to give full weight and make good bread. I have eaten it in a number of different towns, and it was always sweet to the taste and wholesome. This bread is fairly cheap, costing usually from 35 to 50 pfennigs (12 to 12 cents) a loaf, though it, too, has risen in price with increased demand.

Upon this great loaf the German empire may be said to rest. In one form it is the basic ration of the German army, and many a peasant can live very well for a considerable time though he has nothing else to eat.—Outlook.

Willing to Take Chances.

"So you're going to marry Mike?" said the mistress inquiringly.
"Yes, mum."
"Are you sure you are not making a mistake?"

"Well," returned the cook thoughtfully, "he's not the best man in the world to be sure, but if I have him go how I'll be sure of getting another man! I've been thinkin' about it, an' it looks to me like it's right an' proper to take what ye kin git when ye kin git it. Them that holds off for the big prize has been known to lose the little wans 'think I'll take Mike."—Chicago Post.

Look For Good Points.

"If we'd spend only half as much time as the photographer does trying to see people in the best light," said the philosopher, "we'd have a much better opinion of everybody."—Indianaapolis News.

The man who is too proud to be for favors doesn't get many.—Chicago Record-Herald.

Passenger Elevators.

So common are passenger elevators now and so absolutely necessary in the tall office buildings that the history of the first one has been almost forgotten, and yet it created a sensation in its day. This elevator was placed in the Fifth Avenue hotel in New York when it was built, and as the first passenger elevator in the world it was a drawing card as one of the sights of New York. A small plate suitably inscribed informs visitors to the Fifth Avenue hotel elevators today of that fact. It was a screw elevator, the carriage being raised or lowered by the revolutions of a big screw. Compared with the swift moving elevators of today, which shoot up and down rapidly and smoothly, this was a very crude affair. Many of New York's private houses are now equipped with elevators so adjusted that the passenger operates them by pushing a button. These are practically automatic.

Natural Disadvantages.

"Taking into consideration the things Sharp has had to contend against, I think his success as a lawyer has been remarkable."

"Why, what did he ever have to contend against?"

"Everything. He came of a wealthy family. He didn't have to work his way through college. He never studied by the light of a pine torch, never had to drive a dray, never walked six miles to school and wasn't compelled to borrow his books. He had every possible facility, and yet he has done well from the very start."—Chicago Tribune.

To Use Externally.

Customer—I want 10 cents' worth of zinc for my sister.
Drug Clerk—What kind of zinc?
There are about 40 kinds. What does your sister want to use it for?

Customer—I don't know the kind. She said I must not tell what she wanted it for?

Drug Clerk—Was it oxide of zinc she wanted?

Customer—Yes, that's it; outside of zinc to put on her face.—Brooklyn Life.

A Lucky Bargain.

It is said that a foreman stereotyper in a London printing works has had a curious windfall. Going to a sale of musical instruments, he purchased an old harpsichord for 20 shillings, because, having a hobby for fretwork, he fancied the wood of the front panel. When he got his purchase home, he dissected it. He then discovered that the harpsichord had a double back, and presently between the boards he found very old Bank of England notes the total face value of which amounted to £30,000.

Gambling.

The writer once spent a Saturday afternoon in the study of a dignitary of the church while the ecclesiastic struggled in vain to frame an argument against gambling to be presented to the congregation on the morrow. He abandoned the attempt. Far be it from a literary journal to assert powers the possession of which the professionally religious are fain to disclaim, yet with submission we even venture to believe that at least one cogent and effective argument lies against all forms of gambling—one, namely, based on the truth that wealth, great or small, is a trust and therefore may not be put in risk.

The moralist may declare that the gambler gets, or at least wants to get, something for nothing. Men will laugh. They know better. The winner gave his chance to lose for his winnings. For his losses the winner got his chance to win. But ask the speculator whether he would gamble with trust funds held by him for orphans and then suggest to him the one great truth that is seizing hold of men's conscience, the most hopeful sign in these perplexed days of social unrest, that men are trustees of all that they call their own.—Current Literature.

She Was Ahead.

Marjorie had just returned from a visit to the old homestead in Tennessee, where a colored nurse nearly 100 years old was still an inmate. It puzzled her that Chloe should be called "auntie" by her mother and the family, but at last she accepted the fact and did likewise. Her playmates, trooping in to welcome her home, began to enumerate their possessions acquired during her absence.

"I've got a black pony," crowed Charlie exultantly.

"I've got a new baby brother," cried Jessie.

"M'm! That's nothing; I've got two of 'em," retorted Fred.

Marjorie's eyes flashed. "Oh!" she cried. "I've got a heap more'n that; I've got an auntie as old as Methuselah and black as tar."—Leslie's Weekly.

Compensation.

Mrs. Jones—How do you like your new cook, Mrs. Brown?
Mrs. Brown—Well, I'll tell you. She is a perfect failure at cooking, but, then, there are always compensations. She cooks so wretchedly, in fact, that she can't eat her own cooking. It really is quite a saving, you know.—Boston Transcript.

A Loophole Open.

"You're a fraud, sir!" cried the indignant patient. "You guaranteed your medicine to cure after everything else failed, and—"

"Well, my dear sir," replied the fake medicine man, "probably you haven't tried everything else."—Philadelphia Press.
